SCHNAUZERS

Minor Puppy Dog

1st Lockyer Miccosukees Look At Me

A super start to my day seeing this very promising young man of 8 months. Super smart. He has a lovely front and rear which enables him to move true both ways. A masculine head with good dark eye. I liked him a lot and am sure he will go on and do some decent winning.

2nd Maiden Maestro Alarm Beskyd with Maidluns (Imp)

Just over 6 months. Again super masculine. I would prefer him not so big and just hope he doesn't grow on. He was presented in a good coat. His movement was all over the place today, but am sure that will improve.

Puppy Dog

1st Lockyer Miccosukees Apache

What a lovely puppy this is. I thought the MP was something special but this youngster was on another level. Just the right size for his age (10 months). One of the best fronts I have seen for a while. His head is developing nicely, dark eyes and perfect mouth. Stands on super tight feet. His movement when he is allowed to really go for it was a joy. I would have quite happily brought him home with me. Best Puppy in Breed and Res Dog CC.

Junior Dog

1st Lockyer Miccosukees Maestro

This boy completed a hat trick of very promising Miccosukees males. 16 months old. Makes a lovely shape when stacked correctly. The very best of coats. In good hard condition. His ears tend to do strange things which can make his head look odd. He actually has one of the better heads, in that it is rectangular and strong with a well defined stop.

2nd Clarke Miccosukees Ice King at Ilashii

A slightly smaller boy, and actually shorter in loin too. He was presented in good coat. I would like to see more body on him and also not such a tight trim underneath which makes his topline look roached which it clearly is not.

3rd Tomes and Daws Minninoom Navigator

Graduate Dog

1st M Ice King at Ilashii

2nd Jennings Netti Greit Sean Connery (Imp)

This youngster has such a good coat which is so typical of his Russian breeding. His front is not his fortune being quite upright in shoulder which then gives him a stuffy neck. He does have an acceptable head and is such a happy boy.

Limit Dog

1st Dixon Elnajjar Dawn Walker

A 3yr old fully mature chap. He is always presented so well. Makes a lovely shape standing but is even better on the move. Although he is not a big boy, he is just too heavy for me. He enjoys his days out and is obviously adored by his owners.

2nd Sutherland Uiredas Lemon and Lime

Bigger and rangier all though. In good coat.

Open Dog

1st Mckenchie Yared Alarm Beskyd (Imp)

Was so delighted to get my hands on him and to be fair he really did fulfil most of what I was looking for. In the best coat and condition which was so beautifully presented. He is such a smart boy. His head is a little too strong for me, but it doesn't unbalance the overall picture. Square and compact in body with a visible but not overdone forechest. Well muscled all through which was lacking in many of the entry today. His hind movement going away could be improved, but side view he moves with good reach and drive. His owners first show dog and they have done him well, the hard work is evident. Was quite happy to award him his 2nd CC and also BEST OF BREED today.,

2nd Lewington Zodiac Leebren Grand Calvera (Imp)

Black mature boy who always gives off his best. He does have a classic head, with the best ears and ear placement. Today I thought he could have been trimmed up a little more to make the most of the good shape that he does have.

Champion Dog

1st Lockyer CH Nichi Stradivarius at Miccosukees

A well deserved Champion who has the best of coats. His head is also a little strong for me. Fully mature in body. He does have such a happy disposition. Moved well. One of just a few with the correct tail set and carriage.

Minor Puppy Bitch

1st Sutherland Nirvana Alarm Beskyd (Imp)

The baby of the day being just 6 months and 2 days old. She is of course very raw but very promising. Everything in the right place so will be interesting to see her grow up. She was very confident moving.

2nd Lockyer Miccosukees Fast Love

This young lady just needs time. Lovely type and has better bone than 1st. Not moving with the confidence that Nirvana had, but am sure they will both change places on another day.

Junior Bitch

1st Lewington Taru Leebren Grand Calvera (Imp)

I have actually loved this girl since she first hit the show ring and was itching to go over her. She is just so glamorous and everything that I like in a show dog. Super feminine head, great front with visible forechest. Just the right amount of bone. Straight legs with good tight feet. Short, stocky body with a slightly sloping topline. Well muscled hind quarters with a good tail set and carriage. She excels on the move sideways on but could be better up and back. I was quite happy to award her the CC which was a very easy decision to make and also thrilled that this made her up huge congratulations.

2nd Railton Lefenix Luck Would Have It

How this young girl has come on. I was very surprised at how everything just flowed when I went over her. She is a lovely size. Personally I would prefer a slightly better head, but she is only just 12 months so this should come. She makes a super picture when stacked and comes alive on the move. I appreciated very much the obvious care that had gone into her presentation. It was a shame that she came up against 1st in the class. However, I invited her back in the challenge and she simply could not be denied the Res CC. Another I would be happy to own.

3rd Brixey Schabaal Lady D'Arbanville

Novice Bitch

1st Jennings Tries Erica Jazz (Imp)

A very good looking girl. Super hard coat. She does have a feminine head. Moved ok. I particularly oved her colour.

Graduate Bitch

1st Wawrzeniec Degaia Alarm Beskyd to Wuggyfuzz (Imp)

What a pretty girl. A shade bigger than most but totally balanced. She has such a classic head. In good body condition and is such a striking colour being darker than most. Her movement was what let her down.

Post Graduate Bitch

1st Railton Lefenix Keep The Faith

From the same kennel as the res CC winner and is equally as good. She too is a good size, not overdone in any way at all. A lovely front assembly which enables her to move out really well. Again, beautifully turned out in pristine condition. Give her another 6 months and she will be pushing for green cards.

2nd Walker Leebren Midnight Romance at Kathalan.

Mature black. Her colour could be better and coat texture needs to improve. She is such a character and really wants to please. Nothing wrong, but just not the sheer breed type that 1st possesses.

3rd Morgan Leebren Midnight Gazer at Hexenmeister

Limit Bitch

1st Stacey Lefenix In The Style

Bigger girl all through. She is beautiful and was well presented. She does have one of the best heads in the ring today. She is just slightly too long in body and this was evident in the challenge. So sound on the move.

Open Bitch

1st Watson Miccosukees Guess Who at Jalero

I love this girl, but she is her own worst enemy. She will either show or not show. Today was a not show day which really disappointed me and I am sure also her owner. She is deserving of her title and I would have loved to have been the person to sign that 3rd CC for her. Maybe being on her own in the class didnt help. She will get there and I will be the first to congratulate her.

Pippa Moore
