

Schnauzer Club of GB CH Show November 2022

I would like to thank the committee for the opportunity to judge at this super well organised, welcoming show and all of the exhibitors present on the day.

A special thank you to my stewards, Sue and Rob McGrann who did a stirring job of keeping things moving smoothly, also the breed judges for the dogs they sent forward for my perusal.

B I S Sue Hooker's, Mini Dog. Lichstone Dream Ticket. P/S

A lovely cobby dog of good type, faultlessly presented, shown in a good harsh jacket, head of correct proportions, correct bite and dark eye with well set ears, strong neck set into good shoulders, deep well sprung ribcage, strong back with short loin, he stood four square with just enough rear angulation, moved out true with good drive (pleased to see he was awarded his third CC today, well deserved and many congratulations)

R B I S Parker's, Giant Dog CH DraxparkFantasticus. Black

Another super dog, again well turned out, loved his expression, good dark eye, strong neck flowing into well laid shoulders, broad deep chest with well sprung ribcage, strong boned, front and rear assembly good with well muscled turn of stifle, excellent harsh jacket, he kept a good top line on the move with his tail carried high all of the time. I feel he would have benefitted from a larger ring to get into his stride but nevertheless moved well.

B P I S Parker and McDonald's, Mini Dog. Violis Storm Tracker. P/S

7-month old pup of good size with lots of attitude. Presented to perfection. Loved his expression, dark oval eye, correct dentition, ears set carried and used well, elegant neck flowing onto well laid shoulder, solid body with a good spring of rib, lovely straight front assembly with enough turn of stifle, harsh jacket, he moved around the ring with purpose showing a level topline and carrying his well set tail on high.

B V I S Bishop and Evans Mini Dog Nujax School of Rock. B/S

At 9 years old he still looking good, with everything in the right place! So well put together, jacket of good colour and texture for his years! I have seen him many times in the past years and he never puts a foot wrong, strong typey head, solid compact body short in the loin with strong quarters, excellent topline, well set and carried tail.

B O S Lewington's Schnauzer Bitch TruLeebren Grand Calvera. Black

Beautiful feminine bitch with a sharp outline. She is well-furnished with a lovely expression, pleasing head with the darkest of eyes, elegant neck set into well placed shoulders, deep, reasonably sprung ribcage, a nice short back with her tail set on high, strong quarters which enabled her to move around the ring with purpose holding a super topline. Another being awarded the third and crowning CC today, many congratulations, very well done.

Colin Bawden (Khanate)
