

The Schnauzer Club of Great Britain – Open Show.
Sunday 16th August 2026.

Giant Schnauzer.

My sincere thanks to the Officer's & Committee for inviting me to judge Giant Schnauzers.
Their hospitality was very warm & welcoming.

A special thanks to my wonderful stewarding duo, Sue & Bob, who were, as always, both enthusiastic & very efficient.

I was quite disappointed with the number of entries but am very grateful to those who joined me.

1. Cullen's – Philoma Colcannon:

A very handsome young black dog recently turned six months old.

Calm & well-schooled for such a youngster, a pleasure to go over!

A masculine head, width, length & planes all correctly proportioned & angled.

Medium, oval eyes & neatly, high set ears, giving a good natured, alert expression.

Strong, perfect, regular scissor bite, with tightly closing black lips.

Moderately long, arching neck, upon flat, well laid shoulders, giving a super transition into his topline, with a slightly sloping croup, terminating in a correctly set tail, which is in balance with the rest of his body. Adult coat starting to come-in nicely.

Plenty of fore-chest, good depth of brisket & spring of rib, with a short, strong loin.

Fore & hind quarters, correct angulation, smooth muscles & of good bone.

Sound movement in all directions, with good reach & drive, maintaining his lovely shape & topline throughout. I'm confident a bright future awaits; one I will watch with interest. Awarded BPD, RBD, RBOB & BPIB. Pleased to see him win BPIS.

1. Descere, Desceras & Pearce's – CH Stablemaster's Twist (Imp FIN):
A solid, well-presented 4-year-old dog. Strong, masculine head, with alert expression, correct eye, dentition & head planes. Well-set & carried ears, adding to his appeal. A clean, strong neck, set upon well laid shoulders, giving him a wonderful, almost square shape & topline. Neatly set tail, upon a sloping croup, carried correctly & adding to his well-balanced outline. Well-developed in body, with good depth & breadth of rib. Fantastic coat, in both texture & colour. Super angulation both fore & aft. Clearly well exercised, due to his strong, well-toned muscles, ensuring true, powerful movement, covering ground with ease. A pleasure to award him BD & BOB.
